

PULBOROUGH PARISH COUNCIL ASKS FOR VOLUNTEERS TO HELP INFLUENCE THE FUTURE OF THEIR COMMUNITY?

As we all know, the world around us is continually evolving and progressing, as is our own Community. In order to assess the effects of these changes and the concerns of our community Pulborough Parish Council is undertaking, in partnership with local voluntary and community groups, a Community Action Plan. The Plan will follow a period of public consultation with local residents, as well as input from neighbouring Parishes, to identify key areas under 4 main headings: -

- ◆ A better place to live
- ◆ Opportunity for all
- ◆ Better Health for all
- ◆ Staying and feeling safe

The Parish Council is looking for volunteers to be part of the team that will aim to identify areas of concern to the Community and help to influence the future of our Parish and its surrounding area. Activities involved could range from market research "on the street" to research on the Internet. If you would like to be involved, please contact the Parish Clerk on 01798 873532 or call into the office any morning. The first meeting of all volunteers and stakeholders will take place on Thursday 29th April in the Village Hall.

BE PART OF OUR FUTURE
