IMPORTANT CHANGES

to your mobile waste service in Horsham

From April 2010 the mobile waste service in Henfield, Pulborough, Steyning and Storrington will only accept green waste for composting and some white goods for recycling.

After this date you will no longer be able to take general waste for disposal at this service.

To help you during these changes there will be some limited provision for general disposal which will operate at different times to the new green waste service.

For details of the new service please see timetable inside.
